

Meet Mohamad

“I liked everything about KiwiClass. I’ll never forget KiwiClass because they supported me very well.”

Mohamad arrived in New Zealand from Syria and joined KiwiClass in 2023. When he first started, he couldn’t write his name or speak English. Through dedication and support from KiwiClass, he progressed from Level 1B to 2B in just a year. Mohamad attended morning classes and took part in social clubs, computer classes, English for Work, and Kiwi English.

With help from the employment support team, Mohamad prepared for interviews, confirmed his contract details and successfully started working as a bus driver. His advice to other students: “Don’t give up looking for a job. Don’t be shy because of the language, just try to speak with everyone.”
