

Tigst

Hi, my name is Tigst.

I am from Tigray, Ethiopia, and I arrived in New Zealand nine months ago. It has been a great opportunity for me to be here. I am very grateful to KiwiClass for opening the doors to learning, and especially to my teacher Dorothy, who played a big role in encouraging me to be strong like my mother during difficult times. She also helped me learn to listen and speak English in a short time.

I would like to thank the Employment Support Team for listening patiently, understanding my needs, and playing a big role in helping me start a job at Crest Cleaning. I am currently working part-time at Crest Cleaning and studying Health and Wellbeing Level 3 at NZMA. It has been an unforgettable experience to meet people with willingness to help. Now, I have completed the General English course at KiwiClass and I am also learning to get my driver's license through them.

Tigst is a dedicated and organised student, and it has been a true pleasure getting to know her. We wish you all the very best in your future endeavors.

Your determination and positive spirit will surely take you far!

“I don't see Kiwi class members as separate from my family. Kiwiclass is the brightness of my life in NZ.”
